25X1A . Comment.

25X1C

the troops loaded on 25 April 1951 were elements of the 1st Mecz Div and those loaded on 26 April probably elements of the 10th Gds Tank Div. The shipments are believed to be among those which other sources reported to have left Doeberitz for Johnirstedt at the end of April 1951.

A previous belief 25X1A that elements of the 10th Gds Tank Div probably went to Letzling Heath has not been confirmed to date. The destination of the elements of the 1st Mecz Div has not been determined.

25X1A **

Comment. On the basis of it is believed that the games were conducted by the 1st Mecz Div.

The officers who rode in busses of the 7th Gds Mecz Div probably attended the games as guests.
